

CIPIO PARTNERS

European Growth Capital and
Minority Buyouts for Technology Companies

Student Worker (m/f/d) Growth Equity

Founded in 2003, Cipio Partners has been backing European growth stage technology companies for 20 years. We are providing growth capital and minority buyout solutions to technology companies that have outgrown the venture stage and need a strong partner to fund their further growth. We are an independent and partner-owned firm with decades of investment and operational experience in the global technology industry. We operate as one team, work closely with entrepreneurs and can take decisions quickly.

We are looking for a **Student Worker** to support our investment team **in our Munich office** for **12+ hours per week**. Working hours can be arranged flexibly, with the possibility of a full-time internship during semester breaks.

Tasks:

- Support the investment team in deal origination through outbound campaigns
- Support the investment team in the due diligence processes (e.g., database research, market and competitor analysis, and peer group development)
- Support the finance and investment team in portfolio management and reporting
- Support the finance team in investor relations
- Work with internal and external databases and data tools (development, maintenance)
- Support the preparation of presentations
- Ad hoc analyses and reporting

Profile:

- Highly analytical and goal-oriented work style
- Energetic and empathetic personality with strong drive and willingness to learn
- Ideally at the beginning of a Master's degree from a top university in Business Administration or another quantitative or technical degree with a focus on finance
- In addition, internship experience at PE / VC funds, technology-focused investment banks, management consultancies, Big 4 transaction services groups or operational experience at a start-up or larger technology company would be an advantage
- Excellent Excel and PowerPoint skills
- Business fluent German and fluent English

If you are interested, please send us your application, preferably starting in March/ April 2025, to:
